Dear Secretary:

Proposal to Withdraw Proposed Shoreline Management Plans

On November 29, 2007, Upper Peninsula Power Company (UPPCO) submitted proposed Shoreline Management Plans for the Escanaba River, Prickett and Bond Falls Hydroelectric Projects.

On February 13, 2009, UPPCO filed a request to change the implementation schedule for recreation improvements.

In reviewing the plans developed and submitted in 2007, UPPCO believes the plans are no longer pertinent to its current business model for excess lands. As a result, UPPCO respectfully requests to withdraw the Proposed Shoreline Management Plans for The Escanaba River Hydroelectric Project, the Prickett Hydroelectric Project and the Bond Falls Hydroelectric Project under Docket Numbers 2506-144, 2402-108 and 1864-083 respectively.

Should you have any questions, please do not hesitate to contact Shawn Puzen at (920) 433-1094.

Sincerely,

Terry P. Jensky
Vice President - Energy Supply Operations
for Wisconsin Public Service Corporation
